description

The academic study drawing and painting from the human figure from life has been one of the cornerstones of the art for thousands of years. This class will focus on a particular methodology of interpreting the figure, aimed at developing close looking and an ability to translate the 3D world into a 2D artwork. Through a series of projects and exercises we will develop your skills as a draftsman and colorist while working from a live human model. This class will be focused around depicting and interpreting the figure accurately and expressively in light and space. This class will mainly employ an “alla-prima” painting process and you will be introduced to the materials and techniques used in direct descriptive painting.

While the in-class paintings will be academic exercises, the out of class projects will allow you the opportunity to explore the individual creative, conceptual, stylistic and expressive possibilities of the human figure. However, the objectives for the in-class exercise paintings is not to create Art (with a capital “A”) but to learn a specific methodology to interpret the figure through direct observation. While the objective is to create the most “artful” work possible, the conceptual framework will be prescribed by the exercise objectives.

evaluation + grading

Your final class grade will be based on successfully fulfilling each assignment's objective demonstrating quality, creativity, and ambition.

In-Class Figure Painting Exercises - 60%

You will be expected to save each in-class work and upload a high-quality photograph of each painting to canvas. Each painting exercise will be given a weighted grade based on the class time dedicated to the assignment. Your in-class paintings will be evaluated on the following factors:

- Accuracy of drawing (shape, line, proportion)
- Depiction of light
- Depiction of space
- Interaction, depiction, and interaction of color
- Resolution of the painting

Two "Independent" Outside of Class Paintings 30% (15% each)

You will be expected to complete two fully developed creative "independent" figure paintings following the objectives and timelines outlined in the project assignment handout.

Studio Participation Grade – 10%

This includes a concerted effort to follow the guidelines and objectives of each exercise/project,

being fully engaged in the classroom, coming to class prepared, on time, and ready to work with all the required materials, and supplies needed to fully participate. You must also demonstrate proper studio practice that involves showing respect for your fellow students, the model, the facility, and the instructor.

GRADING

Letter Grade and Corresponding Grade Points are as follows

A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E	WF	I	NG	S-U
4.0	3.67	3.33	3.0	2.67	2.33	2.0	1.67	1.33	1.0	.67	0	0	0	0	0

Specific criteria for grading will be listed on each assignment sheet but will always consider:

1. Completion: The work addresses the assignment and its parameters, is completed on time, has taken significant effort and thought, and critiques/feedback have been considered.
2. Creativity: The work and ideas are unique and thoughtful; research has been engaged in
3. Form + Content: The form of the project and the content of the project are chosen thoughtfully and support one another.
4. Detail: Choices are specific and considered; small details and decisions have been made purposefully.
5. Execution: The work is well crafted and presented, and technically executed at a high level

Generally, project grades in this course are considered in the following way:

- A 4.0 Exceptional work, all criteria of assignment have been surpassed in a distinguished and solutions to problems presented exhibit a depth of understanding. In addition, student is engaged in exceptional studio practice, which includes active research, looking up artists recommended, asking relevant questions about other artists' works or ideas, and being thoroughly engaged in the course content.
- A- 3.67 Well-presented, superior work: all criteria of assignment were surpassed in a distinguished manner (including exceptional studio practice highlighted above). Minimal improvements could be made to the project overall.
- B+ 3.33 Very good work: all criteria of assignment were surpassed, minor changes could be considered and executed to bring piece together and studio practice was exceptional.
- B 3.0 Very good work: above average solutions and clear potential. Most criteria of assignment were surpassed with some improvements to be made. Execution was well done. Studio practice during the project was commendable.
- B- 2.67 Good work: most criteria of assignment were met. Work showed promise with a few significant improvements to be made. Studio practice was adequate.
- C+ 2.33 Slightly above average: work, most of the criteria of the assignment were met. The work is not yet a unified whole or cohesive statement, yet effort was made. Studio practice was adequate but could be more reflective and thoughtful.
- C 2.0 Average work: the assignment directions were followed and the requirements were met in a relatively routine way. Slippage in levels of craft, originality and presentation-studio

practice was adequate but could be more reflective and thoughtful.

- C- 2.67 Slightly below average work: the assignment directions were followed and the requirements were minimally met, but there is much room for developing assignment's concepts further. The level of craft and breadth and depth of idea development needs to be improved. There is some evidence of studio practice, but lacks quality and quantity.
- D+ 1.33 Below average work: an attempt to solve the problem was made, but there is much room for improving skills and developing your concepts further. The criteria of the assignment are barely met. Basic craftsmanship skills have been neglected and there is a lack of breadth and depth of idea development. There is minimal evidence of studio practice, but the quality and quantity are lacking.
