### Overview

The sequence of Secondary Piano courses covers the necessary skills for basic functionality at the keyboard that are fundamental to any musician. Piano Skills 1 through 4 (given over four semesters) are designed to fulfill all requirements for the Piano Proficiency Exam by the end of the fourth semester. Skills to be covered include scales and arpeggios, sight-reading, score-reading, transposition, harmonization, and improvisation, as well as performance of solo and ensemble repertoire.

### Attendance Policy

Three excused/non-excused absences would incur no penalty. Every additional absence will lower the final grade by 5% points (for example, an A- at 90% will now be a B at 85%).

A doctor's note must be received within a week for additional absences to be excused.

Likewise, a note from the corresponding faculty will be required if the absence is related to another class. In matters of family and personal issues, please contact the [Dean of Students Office](#) for assistance.

The instructor will do his/her/their best to fill you in on the missed materials, but please understand that a prolonged absence would likely result in poor grades. The instructors have the right to refuse outside-of-class help if you miss a large portion of regular classes for whatever reason.

### **Textbook**

Please remember to bring the textbook to each class. You must purchase a hard copy unless you have a large tablet (size 12 and larger) - reading from cell phones and laptops is not allowed.

### **Practice**

20 minutes daily on average is a good baseline. It is beneficial to practice on a good instrument with a full-sized keyboard and proper setup.

### **Grading Components and Policy**

Four quizzes/graded assignments: 40%

\*Midterm exam: 25%

In-person with the possibility of video-assignment portions

\*Final exam: 25%

In-person only: this will occur during the last week of class

Preparation and professionalism: 10%

\*The student or the instructor may video record the exams for the purpose of possible grading disputes; that said, the student has the right to waive this procedure.

Grading Scale: 93-100% = A    90-92.9% = A-    87-89.9% = B+    83-86.9% = B    80-82.9% = B-  
77-79.9% = C+    73-76.9% = C    70-72.9% = C-    67-69.9% = D+    64-66.9% = D    60-63.9% = D-    Below  
60% = F

Grades administered by the instructor are final. Only in extraordinary circumstances would Dr. Tu interfere.

More information on UF grading policy may be found at: [Grades and Grading Policies](#)

### **Students Requiring Accommodations**

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the [Disability Resource Center](#). Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

### **Course Evaluation**

Students are expected to provide feedback on the quality of instruction in this course by completing [online evaluations](#). Evaluations are typically open during the last two to three weeks of the semester, but students will be given specific times when the date approaches. Summary results of these assessments are available to students on the [Gator Evals page](#).
