UF POLICIES

CLASS CONDUCT

I intend to facilitate an open space for you to be acknowledged, listened to, amplified, and supported. Additionally, to discuss topics that matter to each of us individually, and collectively, as people and as designers. You are a contributor in developing a safe space. We must always hold each other with respect, even when views differ. If you have any concerns, please feel free to speak with me in order to collaborate on a solution.

DISRUPTIVE BEHAVIOR

All member(s) of the University who intentionally act to impair, interfere with, or obstruct the mission, purposes, order, operations, processes, and functions of the University shall be subject to appropriate disciplinary action by University authorities for misconduct, as set forth in the applicable rules of the Board of Regents and the University and state law governing such actions. Be advised that you can and will be dismissed from class if you engage in disruptive behavior. For more information, visit: <http://regulations.ufl.edu/wp-content/uploads/2012/09/1008.pdf>.

HARRASSMENT

UF provides an educational and working environment that is free from sex discrimination and sexual harassment for its students, staff, and faculty (<http://www.hr.ufl.edu/eo/sexharassment.html>).

ACADEMIC INTEGRITY

Academic integrity means that if you use words, images, or ideas that are not your own, you must cite them. Claiming the work of others as your own is a serious breach of professional ethics and will result in a failing grade in this class. The UF Honor Code specifies a number of other behaviors that are in violation of this code and the possible sanctions.

HONESTY POLICY

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Conduct Code specifies a number of behaviors that are in violation of this code and the possible sanctions. Click here to read the Conduct Code - <https://sccr.dso.ufl.edu/process/student-conduct->

code/. If you have any questions or concerns, please consult with the instructor or TAs in this class.

TWELVE-DAY RULE

Students who participate in official athletic or scholastic extracurricular activities are permitted twelve (12) scholastic day absences per semester without penalty. In any case, it is the student's responsibility to maintain satisfactory academic performance and attendance.

RELIGIOUS HOLIDAYS

Students, upon prior notification of their instructions, shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith. Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence. A student who believes that they have been unreasonably denied an education benefit due to religious beliefs or practices may seek redress through the student grievance procedure:

IN-CLASS RECORDING

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A "class lecture" is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or guest lecturer during a class session.

Publication without permission of the instructor is prohibited. To "publish" means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media,

book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

ACCOMMODATIONS

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center. Visit the following link to get started with the Disability Resource Center: <https://disability.ufl.edu/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

HEALTH & SAFETY

The goal of the SA+AH Health and Safety Program is to protect the health and welfare of all faculty, staff, and students and to cooperate with the University of Florida's Department of Environmental Health & Safety (EH&S). The SA+AH H&S policy and handbook is online here.

Michael Christopher is the Health and Safety administrator for the Graphic Design program. While there are very limited health and safety risks with the materials we typically use for graphic design, be aware that materials used in other areas often carry risks.

It is your responsibility to store everything you bring in the studio safely. Do not bring in any materials that are hazardous or combustible as the graphic design studios are not equipped for this type of storage. Knowingly or repeatedly storing such items in the studio may result in disciplinary action and loss of access to studio space outside of class time as well as loss of storage space.

- Batteries, some monitors, and lamps from digital projectors, if broken, may release mercury. There are no known health hazards from intact materials.
- Do not use spray adhesives or do hazardous work in the studios.
- Do not block aisles, halls or doors with stored items or when working.
- Take items which do not fit into the trash to the dumpster, follow dumpster guidelines.
- All users must follow the S+AH Container Policy (see the SA+AH Health and Safety Handbook online here).

- The GD Area policies prohibit use of hazardous materials, this applies to materials used in other areas. They may not be stored, ever, in the GD studios. Failure to adhere to these guidelines may affect your ability to use the studio unsupervised outside of regular class times.
